Ampelokipoi, Athens 

www.linkedin.com/in/alexandros-kapsalidis 

A graduate from the Department of Petroleum and Natural Gas Technology, with an extensive business experience in various fields. From my youth years, Information Technology and Software Development were my favorite fields so when the circumstances allowed me to, I attended a Coding Bootcamp to realize my dreams and become a Software Developer. I am looking forward with anticipation and enthusiasm to the new opportunities that this career-change will offer me.
